And Godlike Paris in th' Idean Grove, To Priam's Wealth prefer'd Oenone's Love. In Cities which she built, let Pallas Reign;

- Tow'rs are for Gods, but Forrests for the Swain.
  The greedy Lyoness the Wolf pursues,
  The Wolf the Kid, the wanton Kid the Browze:

  Alexis thou art chas'd by Corydon;
  All follow sev'ral Games, and each his own.
- 95 See from afar the Fields no longer smoke,
  The sweating Steers unharnass'd from the Yoke,
  Bring, as in Triumph, back the crooked Plough;
  The Shadows lengthen as the Sun goes Low.
  Cool Breezes now the raging Heats remove;
- I wish for balmy Sleep, but wish in vain:

  Love has no bounds in Pleasure, or in Pain.

  What frenzy, Shepherd, has thy Soul posses'd,

  Thy Vinyard lies half prun'd, and half undress'd.
- Mind what the common wants of Life require.

  On willow Twigs employ thy weaving care:

  And find an easier Love, tho' not so fair.

Menalcas, Damætas, Palæmon.

# The Argument.

Damætas and Menalcas, after some smart strokes of Country Railery, resolve to try who has the most Skill at a Song; and accordingly make their Neighbour Palæmon Judge of their Performances: Who, after a full hearing of both Parties, declares himself unsit for the Decision of so weighty a Controversie, and leaves the Victory undetermind.

## MENALCAS.

Unhappy Sheep of an Unhappy Swain,
While he Neara courts, but courts in vain,
And fears that I the Damsel shall obtain;
Thou, Varlet, dost thy Master's gains devour:
Thou milk'st his Ewes, and often twice an hour,
Of Grass and Fodder thou defraud'st the Dams:
And of their Mothers Dugs the starving Lambs.

#### DAMÆTAS.

Good words, young Catamite, at least to Men:
We know who did your Business, how, and when.
And in what Chappel too you plaid your prize;
And what the Goats observ'd with leering Eyes:
The Nymphs were kind, and laught, and there your safety (lies.)

- You know too well I feed my Father's Flock:
  What can I wager from the common Stock?
  A Stepdame too I have, a curfed she,
  Who rules my Hen-peck'd Sire, and orders me.
- Both number twice a day the Milky Dams;
  And once she takes the tale of all the Lambs.
  But since you will be mad, and since you may
  Suspect my Courage, if I should not lay;
  The Pawn I proffer shall be full as good:
- Both by divine Alcimedon were made;
  To neither of them yet the Lip is laid.
  The Lids are Ivy, Grapes in clusters lurk,
  Beneath the Carving of the curious Work.
- Conon, and what's his Name who made the Sphere,
  And shew'd the Seasons of the sliding Year,
  Instructed in his Trade the Lab'ring Swain,
  And when to reap, and when to sow the Grain?

### DAMÆTAS.

- And I have two, to match your pair, at home; We The Wood the same, from the same Hand have come: The kimbo Handles seem with Bears-soot compand and never yet to Table have been served:

  Where Orpheus on his Lyre laments his Love,
- With Beasts encompass'd, and a dancing Grove:
  But these, nor all the Proffers you can make,
  Are worth the Heisar which I set to stake.

Sing then; the Shade affords a proper place;
The Trees are cloath'd with Leaves, the Fields with Grass;
The Blossoms blow; the Birds on bushes sing;
And Nature has accomplish'd all the Spring.

Each in his turn your tuneful uumbers bring;

By turns the tuneful Muses love to sing.
